AUGUST 20, 2008

DEADLINE FOR PUBLIC COMMENT ON A PROPOSED PLAN FOR AN INTERIM RESPONSE DESIGNED TO MEET CRITERIA (IRDC) FOR A PORTION OF THE FORMER LAKE SHORE INC. SITE (YANOVER PROPERTY), CITY OF MARQUETTE, MARQUETTE COUNTY. Written comments are being accepted on a proposed plan for Interim Response Designed to Meet Criteria (IRDC) for a portion of the former Lake Shore Inc site known as the “**Yanover Property**” located at 975 Lake Shore Boulevard. This parcel is the location of environmental contamination which is the result of iron foundry operations and the on-site disposal of foundry sand from the early 1900s until the foundry closed in 1990. Select waste removal and demolition activities were conducted at this location in the late 1990s. The remaining contamination at the site includes metals in the soil identified during site investigation. A Notice of Approved Environmental Remediation was recorded for this property with the Marquette County Register of Deeds in 1998 which restricted land uses to Industrial and Commercial categories. This IRDC is intended to allow the described portion of the site to be redeveloped for limited residential use. The Interim Response plan includes provisions for a permanent barrier to completely cover the Yanover-owned parcel in order to perpetually prevent direct contact with the contaminated soil. The barrier includes pavement, buildings and clean soil at least 6 inches thick. A restrictive covenant will be filed with the property deed which identifies the contamination, describes the protective barrier, and prohibits uncontrolled disturbance of the protective barrier. The proposal includes an Operation and Maintenance Plan which provides for the long term monitoring of the barrier and compliance with land use restrictions. This IRDC plan is available for review at the Michigan Department of Environmental Quality, Upper Peninsula District Office. Written public comments should be received by the DEQ no later than 5:00 pm, August 20, 2008. Mail your comments to: Steven Harrington, Michigan Department of Environmental Quality, Remediation and Redevelopment Division, 420 5th Street, Gwinn, Michigan 49841. Information Contact: **Steven Harrington**, Remediation and Redevelopment Division, 906-346-8507 or Email at harringtons@michigan.gov.

DEADLINE FOR PUBLIC COMMENT ON A PROPOSED PLAN FOR AN INTERIM RESPONSE DESIGNED TO MEET CRITERIA (IRDC) FOR A PORTION OF THE FORMER LAKE SHORE INC. SITE (LAKESHORE RESIDENCES, LLC PROPERTY), CITY OF MARQUETTE, MARQUETTE COUNTY. Written comments are being accepted on a proposed plan for Interim Response Designed to Meet Criteria (IRDC) for a portion of the former Lake Shore Inc site known as the “**Lakeshore Residences, LLC Property**” located at 955 and 1001 Lake Shore Boulevard. These parcels are the location of environmental contamination which is the result of iron foundry operations and the on-site disposal of foundry sand from the early 1900s until the foundry closed in 1990. Select waste removal and demolition activities were conducted at this location in the late 1990s. The remaining contamination at the site includes metals in the soil identified during site investigation. A Notice of Approved Environmental Remediation was recorded for this property with the Marquette County Register of Deeds in 1998 which restricted land uses to Industrial and Commercial categories. This IRDC is intended to allow the described portions of the site to be redeveloped for limited residential use. The Interim Response plan includes provisions for a permanent barrier to completely cover both Lakeshore Residences LLC-owned parcels in order to perpetually prevent direct contact with the contaminated soil. The barrier includes pavement, buildings and clean soil at least 6 inches thick. A restrictive covenant will be filed with the property deed which identifies the contamination, describes the protective barrier, and prohibits uncontrolled disturbance of the protective barrier. The proposal includes an Operation and Maintenance Plan which provides for the long term monitoring of the barrier and compliance with land use restrictions. This IRDC plan is available for review at the Michigan Department of Environmental Quality, Upper Peninsula District Office. MEECS (MICHIGAN ENVIRONMENTAL EDUCATION CURRICULUM SUPPORT) TRAINING WORKSHOPS, VARIOUS LOCATIONS, MICHIGAN. The Michigan Department of Environmental Quality is pleased to announce that Michigan is among only a handful of states in creating its own environmental education curriculum, known as the MEECS. This project is designed to provide students in grades four through nine with an opportunity to learn about their environment through five different curriculum units: Air Quality, Ecosystems & Biodiversity, Energy Resources, Land Use, and Water Quality. A table with workshop dates, times, and locations for the teacher training MEECS workshops is available on the Web at www.michigan.gov/deq-meeecs. Please check for updates on the MEECS website, as more workshops continue to be scheduled. Registration Fee: Low cost. Varies by location. Registration Information: Varies by location, see Web brochure. MONTHLY AIR PERMIT APPLICATION WORKSHOP FOR FIRST-TIME APPLICANTS, CONSTITUTION HALL, LANSING, MICHIGAN. For most first-time applicants, completing the Permit to Install application is a daunting task. However, submitting a complete and timely application can be more manageable if you know what's expected. The Michigan Department of Environmental Quality is offering this workshop designed to give information on how to submit a complete permit application. Since this workshop is geared to first-time applicants, a significant portion of the session is devoted to your specific application. Air Quality Division permit engineers will be available to discuss your permit application with you one-on-one. To take full advantage of this time with the permit engineer, it is recommended you bring detailed information about your project with you to the session. This training is designed for first-time air permit applicants who need help completing their permit application; however, those who have applied before and need a refresher are welcome to attend as well. Online registration is available on the Web at www.michigan.gov/deqworkshops, click on "Upcoming DEQ Workshops". Registration Fee: \$25, which includes parking in the Ellis Parking Lot on the east side of Constitution Hall and training manual. Information Contact: **James Ostrowski**, Environmental Science and Services Division, 517-241-8057, or Email at ostrowsj@michigan.gov. Registration Information: **Environmental Assistance Center**, 800-662-9278, or Email at deq-ead-env-assist@michigan.gov.
